①Student ID Card ②Eyeglasses and / or contact lenses (users only)
③Urine collected in the morning at home ※New students only

【Colthing】

- ・Wear socks; you will take off your shoes at the site.
- ・Wear shoes that are easy to take off.
- ・Wear or bring a plain (both front and back sides) T-shirt. (T-shirts with lame, print, embroidery, buttons, or metal fittings are not acceptable. Take off all accessories.)
- ・Wear innerwear without hooks and clasps (bra tops, etc.) or something easy to take off/on (avoid corrective underwear).

1. Chest X-ray

- ・All the new students in each program and the students who need a health certificate for the following reasons and MUST receive chest X-ray: a teacher training program, an elderly care program, other programs, employment, scholarships.
- ・Other students can take it on a voluntary basis, but we recommend that you take for early detection of abnormalities such as tuberculosis.
- ・If you are pregnant or think you might be, DO NOT take chest X-ray exam.

2. Notes on taking a urine sample ※New students only

- ・ Please be sure to pick up the urine collection container at the Educational Affairs Section of your department at least one day before the day of the health checkup.
 - ・Whether your checkup is scheduled in the morning or in the afternoon, be sure to take the first morning urine sample at home on the day of the examination. Otherwise samples will not be accepted
 - ・Take urine from the middle of the stream (discard the first and end of the stream).
- 【Female students】
- ・ If you are in (or shortly before or after) your menstruation period, DO NOT take a sample on the day of the checkup for avoiding inaccurate result. Instead, please submit on another date to be announced at the day of the checkup.
 - ・ Only female students who are in (or shortly before or after) their menstruation period can submit the urine sample after the checkup.
 - ・Students with other reasons to miss are NOT eligible for late submission.

3. Other cautions for the day of checkup (Important for the all)

- ・If you are sick or have a fever on the day of reservation, please contact the General Affairs Section of the Student Affairs Section. If you have cough or runny nose symptoms, be sure to wear a mask.

4. Results of the check-up

- Make sure to answer the message from the Health Care Service Center by phone or email. The test results may require you to take an additional examination.
- In case the Center cannot get through the number/address registered with the administration system, the Center may contact you through your academic department, etc.
- The results can be issued by the automatic certificate issuing machine from JUNE (to be announced). Be sure to check the results for your health.

5. Other

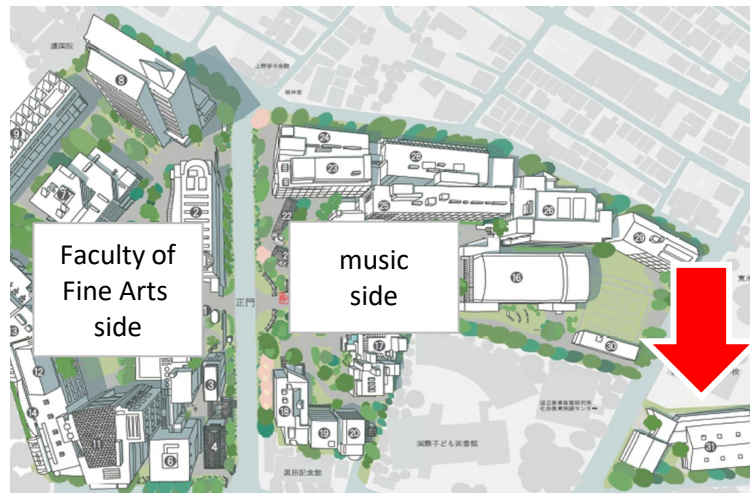

- If you are unavoidably unable to have a health checkup on the date of reservation or unable to make an appointment within the registration period, please contact the General Affairs Section of the Student Affairs Division.
